JANUARY 2023

SHARING OF CHRISTMAS GIFTS

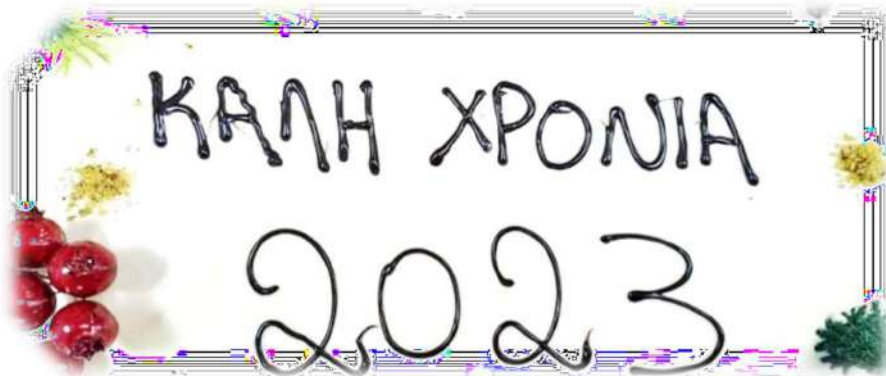

In the beginning of January all company's employees gathered to exchange gifts for celebrating the New Year.

One of the primary objectives of the company is to enhance interpersonal connections with the office staff and all members of the workforce. The company consistently acknowledges and values the hard work and commitment shown by its employees. The aim is to preserve and strengthen these personal relationships.

That day office personnel also cut the traditional pie with the hidden coin, like every year.

OUR FIRST ESG REPORT!

Our ESG (Environmental, Social, and Governance) report which was published earlier this year provides an overview of a company's performance and impact in these key areas. The report typically includes information on environmental initiatives, such as carbon emissions reduction, resource conservation, and waste management. It also addresses social aspects like employee welfare, diversity and inclusion, and community engagement. Additionally, the report discusses corporate governance, including transparency, accountability, and ethical decision-making.

Overall, our ESG report aims to demonstrate the company's commitment to long-term sustainability and responsible business practices.

ESG SHIPPING AWARDS

Being honored with the ESG Shipping Silver Award on social aspects demonstrates our commitment to establish a workplace that emphasizes diversity, equal opportunities, and the well-being of our employees. We strongly believe in upholding fair labor practices, providing comprehensive training, and maintaining elevated health and safety standards.

This award stands as an honor to the indelible legacy left by our late father Captain Stefanos Matthaios, founder of Dianik, who always demanded well maintained vessels and our company to operate with Dignity and responsibility towards society and the environment and that constitute our flag for the future.

18TH OF MAY 2023 - INTERNATIONAL DAY FOR WOMEN IN MARITIME
